2021 SYMPOSIUM ON VLSI CIRCUITS
~VLSI Systems for Lifestyle Transformation~

RIHGA Royal Hotel Kyoto, Japan
Monday – Thursday, June 14-17, 2021
Workshops
Short Courses
Technical Sessions
Forum

Depending on the situation of COVID-19, a virtual platform will be prepared.

Paper Submission Deadline: 23:59 JST Monday, February 8, 2021
For detail, please visit: www.vlsisymposium.org

Symposium Scope
The Symposium on VLSI Circuits calls for papers in the following areas:
• Processors, SoCs, quantum computing, and machine learning
• Digital circuits, signal integrity, and IOs
• Hardware security
• Memory circuits, architectures, and interfaces
• Biomedical circuits and systems
• Sensors, imagers, and display circuits
• Power conversion circuits
• Analog building blocks
• Wireless receivers and transmitters
• Data converters
• Frequency generation and clock circuits
• Wireline and optical transceivers

Innovative System Directions
Authors are encouraged to submit papers on “big integration” that showcase innovations that extend beyond a single IC and into the system level. These include focus areas of Machine and deep learning, FPGA-based accelerators, Internet of Things, Industrial electronics, Big Data management, Biomedical applications, and Robotics and autonomous transportation.

Focus Sessions
The Symposium will highlight the following Focus Sessions:
• Advanced packaging and 3D integration (Joint)
• Photonics interconnect and compute (Joint)

Short Courses
Three full-day short courses will offer in-depth lectures on the following topics:
• Advanced process and device technology toward 2nm-CMOS and emerging memory [tentative] (Technology)
• Computing paradigm shift including memory and new devices (Joint)
• Advanced sensor circuits and systems for IoT (Circuit)

Secretariat for VLSI Symposia
(Area and Japan) c/o JTB Communication Design, Inc., Tokyo, Japan
vlsisymph@jtbcom.co.jp
(America and Europe) IEEE Meetings, Conferences & Events (MCE), Piscataway, NJ USA
vlsisymposium@ieee.org

Evening Panel Discussions
All attendees are invited to join evening panel on:
• 3D/Heterogeneous integration including democratization
• Circuit Evening Panel (Theme will be determined)
• Science, Technology and Educations for New Normal Society

Symposia Demo Session
All demo will be video-based and open to a wide range of authors. The demo session will provide the opportunity to see pre-recorded demonstrations and prototypes of research projects, corresponding to all relevant topics of the Conference. The most attractive and innovative demo will receive the award.

Forum

CALL FOR WORKSHOP The Symposium will provide valuable opportunities for volunteers/applicant to host short workshops. The call for proposals for those Workshops are now open. You organize the workshop! Check the details in http://vlsisymposium.org/s_workshop.html

Best Student Paper Award
Selection will be based on quality and presentation of the paper at the Symposium. The winning student will be presented an award at the 2022 Symposium opening session. The student must be enrolled as a full-time student at the time of submission, be the leading author and presenter of the paper, and apply for the award when submitting the paper.

Paper Submission Prospective authors must submit two-page papers and abstracts using the Symposia’s website, www.vlsisymposium.org. Accepted papers will be published as submitted, with no revisions permitted. Authors must follow detailed instructions provided within the “Authors” section of the website, including the Authors’ Guide and Pre-publication Policy. All the speakers can join on-line if they wish. Extended versions of selected papers from the Symposium will be published in a Special Issue of the IEEE Journal of Solid-State Circuits and IEEE Solid-State Circuits Letters.

2021 VLSI SYMPOSIUM

Symposium Chair: Ken Takeuchi
The Univ. of Tokyo
takeuchi@cc-design.t.u-tokyo.ac.jp

Symposium Co-Chair: Brian Ginsburg
Texas Instruments
ginzzz@ti.com

Program Chair: Yusuke Oke
Sony Semiconductor Solutions
Yusuke.Oke@sony.com

Program Co-Chair: Borivoje Nikolič
University of California, Berkeley
bora@eecs.berkeley.edu
