☐ Circuits

☐ Technology

Paper Title _____

University Name _____ **Student Name email** _____

Telephone _____ **Email** _____

The VLSI Symposia Best Student Paper Award (BSPA) is awarded to a student registered full-time at a university, even if the paper's first affiliation is industry or research institute.

To qualify for VLSI BSPA,

- The first author must be a full-time student as of the date of paper submission.
- The paper must be performed primarily by the student author.
- In order to validate the above, student authors need to complete this form including professor/supervisor signature and upload it as a scanned pdf file to this form.
- If it is explicitly stated in the paper, the above requirements also apply to authors who have made equal contributions.

In order to validate the above, student authors need to complete this form including professor/supervisor signature and upload the pdf file on the official.

Professor Name _____ **Email** _____

Telephone _____ **Signature by Professor** _____

Professor confirms that the student described above is a full-time student as of Jan/2024.
